

Milano, 10.01.2023

**Call for application - Milano Matching Days
Extension**

The application period for the *Milano Matching Days* has been extended and the deadline for applications is now the 16th of January 2023, 12am CET.

Indeed, given the occurrence of Winter holidays in the past weeks, it was preferable to extend the deadline to allow a wider set of potential participants to prepare required application documents and apply.

The applications will be collected and analyzed on a rolling basis as they are submitted. The evaluation committee will gather by the 20th of January 2023 in order to communicate the results to applicants between the 20th and the 23rd of January 2023.

All those applications submitted between the expiration date previously indicated and the date of publication of this notification will be considered valid.
